

BLAUPUNKT

# MELO-D RECHARGE - WIRELESS DOORBELL KIT

## OPEN AIR RANGE OF 150 M

## PLUG-IN, KINETIC TECHNOLOGY AND 18 W USB CHARGING PORT

**350104**

### A PRACTICAL ALERT

Choose Blaupunkt's Melo-D Recharge plug-in doorbell to be notified of any visits to your home. It simply plugs into a standard electrical socket, and its sober colour makes it a perfect addition to any interior. Its USB port on the side means you won't lose any socket: you can charge a device while the doorbell remains active. With a choice of melodies and kinetic technology, it is customisable and economical.

### EASY TO INSTALL

The doorbell plugs into a standard electrical socket. The outside call button can be mounted to the pillar of your home at a distance of 150 metres from the doorbell in an open range. No configuration required – the doorbell and the call button are already paired.

### CHARGE AN ADDITIONAL PRODUCT

The Melo-D Recharge doorbell lets you charge a product instead of plugging it in: its included USB port lets you plug in a device of your choice such as your smartphone or any other electronic object (USB port max 18W: 5V-3A or 9V-2A or 12V-1.5A).

### FUNCTIONS

Choose your alert: melody/flashing light/melody + light/night mode lasting 3, 6 or 9 hours. You can choose from 7 melodies with 5 volume settings.

### TO RESPOND EVEN MORE EFFECTIVELY TO YOUR NEEDS...

Scalable platform: Add up to 3 doorbells and 3 call buttons to this kit for a maximum total of 4 of each. These additions give you the best possible warning in your home while covering all your entrances.

### KIT CONTENTS

1 plug-in doorbell
1 Kinetic call button with built-in name holder
Screws

### DIMENSIONS

Doorbell dimensions:  88.6 (H) x 88.2 (W) x 30.7 (D) mm
Button dimensions: 88.3 (H) x 41 (W) x 33 (D) mm
