MAYA COLOUR VIDEOPHONE

Easy installation for this eco-designed videophone. Mirror effect.

Ref. 112291

Compatible with any type of home

Designed to last

Eco-friendly

WELCOME YOUR GUESTS COMFORTABLY

The durable **Maya** videophone with 7" screen and aluminium intercom panel was designed to be eco-friendly. It is largely made of recycled materials. It has all the features of a videophone thanks to its dual electric lock or gate controls plus night vision. The 100m distance possible between your home and gate makes the **Maya** videophone compatible with any home configuration. Its refined "mirror effect" design will add an elegant touch to your interior.

PRODUCT BENEFITS

Ecodesign

- 70% recycled plastic and intercom panel made from 100% recycled aluminium
- Intercom panel powered by the monitor (no additional power supply, no battery)

Designed to last

- Weatherproof (IP44)
- 3-year warranty

Compatible with any home

- Up to 100m between your front gate and your front door
- Quick and easy 2-wire installation (when replacing another installation, for example)
- Control the strike plate AND gate opening mechanism (compatible with all brands)

Easy to install and use

- Night vision using Infrared LEDs
- Backlit name holder
- 7" screen with touch-sensitive keys
- Polarity Protect: to protect your videophone against polarity inversion
- Door Check: to discreetly view your front door

FOCUS ON ECODESIGN

The avidsen **Maya** videophone is a responsible product: its environmentally-friendly materials mirror its **cardboard packaging made of trees from responsibly managed forests.**

Its screen is made from 70% recycled plastic and its intercom panel from 100% recycled aluminium.
