BUILT-IN 80 DB  
SIREN

LIGHT  
(150 LUMENS)

OUTDOOR USE  
(IP44)

360°  
PATROL  
MODE

### MONITOR YOUR OUTDOORS IN COMPLETE SAFETY WITH A HIGH-DEFINITION IMAGE.

Easy to install and discreet, the **HomeCam DUAL PTZ** connected camera provides security for your home, whether you're there or away. Whenever movement is detected and tracked using auto-tracking, you receive a notification on your smartphone. With the dual lens (one fixed lens, one motorised lens), you can monitor two separate fields around your home. Maximum surveillance.

IP44 certification, night vision with infrared LEDs, 2K resolution: the image you see is always clear and smooth. Wherever you are, using your iPhone or Android smartphone, you can remotely view video, take a live photo or begin video recording. To deter intruders, trigger the siren from your smartphone.

**Movement detection with auto-tracking**  
The movement detection feature allows you to track the individual and receive a push notification in the event of intrusion.

**Dual lens**  
A fixed lens and a motorised lens to monitor two separate areas simultaneously.

**Night vision**  
The camera is equipped with infrared LEDs for night vision.

**2K**  
Ultra-high-definition image quality.

**IP44**  
Resistant to outdoor conditions and harsh weather.

**360° patrol mode**  
The camera scans several zones to ensure maximum security.

## PRODUCT BENEFITS

- Dual lens: thanks to the fixed lens and the motorised lens, you can choose two separate areas to secure. Surveillance is enhanced. Use the motorised lens for a large, wide area, and place the fixed lens on a more restricted area (front door).
- High visual quality: **ultra-high-definition 2K** image
- Vision any time: **night vision** with 4 infrared LEDs, 10-metre range
- Smooth, clear vision even in harsh weather or dusty conditions: the camera is IP44 certified
- High illumination power: 150 lumens (70 lm for the motorised portion and 80 lm for the fixed portion)
- Built-in **80-decibel** siren (sound of a car horn): deterrent effect, siren can be triggered remotely
- Motorisation with large range: 90° vertical, 355° horizontal

## KEEP AN EYE ON YOUR HOME AND LOVED ONES

Your camera offers an ultra high-definition 2K image and two-way sound (microphone + loudspeaker). If motion is detected while camera surveillance is active, a **notification** is sent to your smartphone. Your camera records video on a microSD card (not included) that you can view remotely. If you need to deter an intruder, you can also activate the 80-decibel siren.

## EXCELLENT VISION AT ALL TIMES

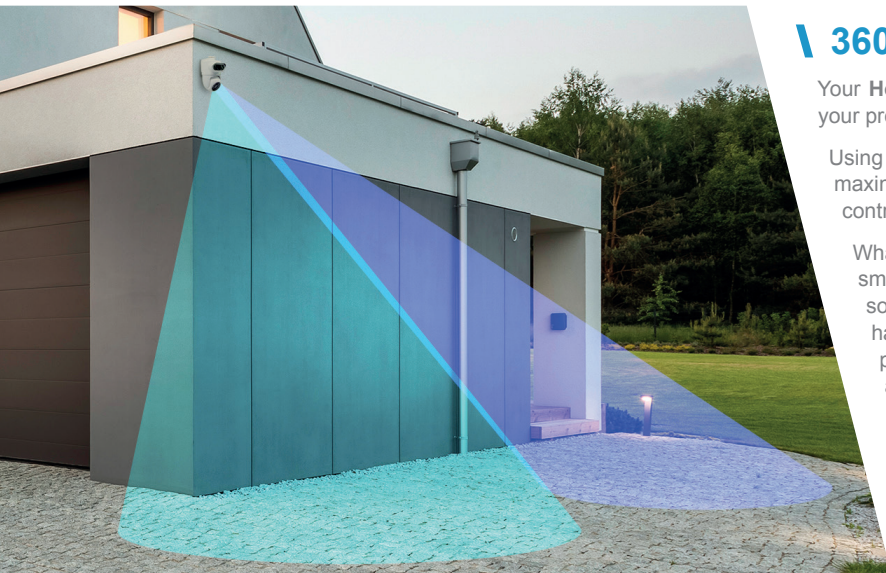

With ultra-high-definition 2K vision, night vision and IP44 certification against harsh weather and rain, the **HomeCam DUAL PTZ** lets you enjoy a clear, smooth image in any conditions, so you can easily see what's happening outside of your home using your smartphone.

## 360° PATROL MODE

Your **HomeCam DUAL PTZ** camera enables you to view outdoor areas of your property in sequence.

Using its motorised portion, the camera scans several zones to ensure maximum security. The zones can be defined via the app for maximum control and optimum security of your home.

What's more, the camera is an integral part of the **AvidsenHome** smarthome range, which allows you to program different scenarios so you don't have to spend time worrying about your products. If you have an AvidsenHome alarm or thermostat in your home, it is easy to program your camera to activate movement detection or private mode according to whether or not you're at home. Then you can sit back and relax, the rest will be taken care of for you!

## TECHNICAL FEATURES

Resolution	2K
Technical features	Power supply: 12 V/1 A Real-time video feed Communication protocol: WiFi b/g/n 2.4 GHz Encryption: WPA-PSK/WPA2 Viewing angle: 90° vert., 355° hor.
Audio	Two-way
Night vision	Yes
Sensor and lens	1/4" CMOS
Shutter speed and compression	1/25 – 1/100,000 per second - H264
Storage	Yes, on microSD card (128 GB max, not included)
Consumption	10.8 W max. DC 12 V, 0.9 A
Operating temperature	-20°C +55°C
Dimensions and weight	132 mm x 115 mm x 88 mm – 343 g

## KIT CONTENTS

- 1 WiFi IP camera
- 1 set of screws
- 1 mains adapter
