AUTO-TRACKING

MONITOR YOUR OUTDOORS IN COMPLETE SAFETY WITH A HIGH-DEFINITION IMAGE

Avidsen's easy to install and discreet **HomeCam WR2 2.5K 4MP** camera helps you keep your home secure at all times, whether you're there or not. When motion is detected, the individual is tracked by auto-tracking and you immediately receive a notification on your smartphone via the **Avidsen Home** app. With IP55 certification, night vision with infrared LEDs and **2.5K resolution**, the image you see is always clear and smooth. You can view your outdoor areas live, take a photo or video and trigger the alarm via the **Avidsen Home** app.

2.5K resolution
Ultra-high-definition
image quality.

360° patrol mode
The camera scans
several zones to
ensure maximum
security.

IP55
Resistant to
outdoor
conditions
and harsh weather.

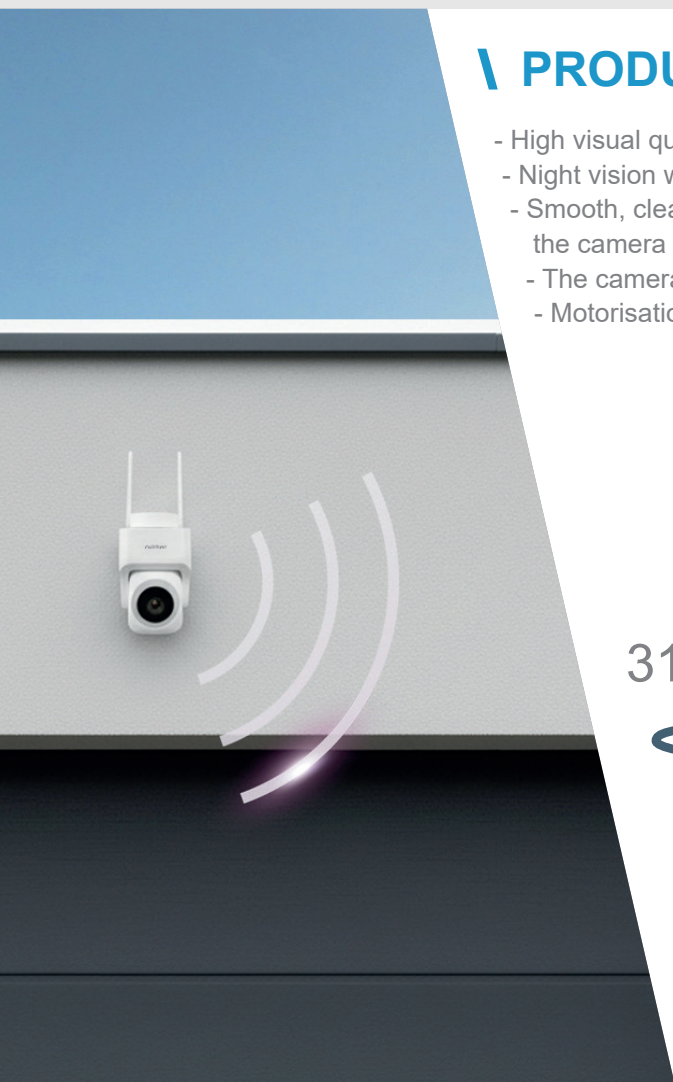

Night vision
The camera is equipped
with infrared LEDs for
night vision.

**Motion detection
with auto-tracking**
The motion detection
feature allows you
track the individual
and receive a push
notification in the event
of intrusion.

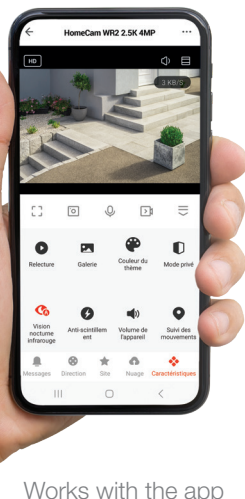

PRODUCT BENEFITS

- High visual quality: **2.5K 4MP ultra-high-definition** image.
- Night vision with infrared LEDs and a range of 10 metres.
- Smooth, clear vision even in harsh weather or dusty conditions: the camera is IP55 certified.
- The camera has a **built-in siren**, useful for occasional alerts.
- Motorisation with large amplitude: 150° vertical, 310° horizontal.

KEEP AN EYE ON YOUR HOME AND YOUR LOVED ONES

- Your camera offers an **ultra high-definition 2.5K** image and two-way audio (microphone + loudspeaker). When motion is detected while the camera is in surveillance mode, you receive a notification on your smartphone, and your camera records a video on a microSD card (not included), which you can view remotely.
- Deter an intruder with the built-in siren.
- Choose the detection zone and the zone where you do not wish to be alerted when motion is detected: draw the desired detection zone to receive an alert for any unexpected motion in this space.

Works with the app

AVIDSEN HOME

SIT BACK AND RELAX: AVIDSEN HOME TAKES CARE OF EVERYTHING

- The camera is an integral part of the **Aidsen Home** range, which allows you to set real-life scenarios, so you don't have to think about your products.
- If you have **Aidsen HomeLight bulbs** or Aidsen Home shutter controls in your home, you can automatically simulate your presence at dusk or dawn while you are away.
- If you have an Aidsen Home alarm or thermostat in your home, it is easy to programme your camera to activate motion detection based on whether or not you're at home. Then you can sit back and relax, the rest will be taken care of for you!
- Pairing is via Bluetooth for quick and easy set-up.

TECHNICAL FEATURES

Resolution	2.5K 4MP
Technical features	Power supply: 5 V/2 A Real-time video feed Communication protocol: WiFi b/g/n 2.4 GHz Encryption: WPA-PSK/WPA2 Angles: horizontal displacement 310° vertical displacement 150° horizontal vision 90°
Audio	Two-way
Night vision	Yes, 25 m infrared range
Sensor and lens	1/4" CMOS
Shutter speed and compression	1/25 – 1/100,000 per second - H264
Storage	Yes, on microSD card (128 GB max, not included)
Standby consumption	2 W max
Operating temperature	-20°C +55°C
Dimensions and weight	120 mm x 117 mm x 80 mm - 290 g

KIT CONTENTS

- 1 WiFi IP camera
- One set of screws
- 1 mains adapter
