

SOLARLINK - SOLAR WIRELESS VIDEOPHONE WITH BUILT-IN SOLAR PANEL

350122

A SOLAR WELCOME

Opt for Blaupunkt's SolarLink videophone and its ability to run on solar energy. With its wireless installation, IP55 certification, self-sufficiency and dual gate and electric strike plate control, it can adapt to any home configuration. Its many features give you the ease of use and safety you need every day.

SOLAR POWER AND ITS BENEFITS

Make the most of a stand-alone intercom panel enhanced by its included USB-C rechargeable battery, which takes over for 3 months (when fully charged) in the event of insufficient exterior light.

OPERATION:

- Easy to install: attach the intercom panel to your pillar within 200 metres (in open air) of your monitor.
- Controls an electric gate or side gate fitted with an electric strike plate (requires an additional transformer, not included).
- Monitor with 7" LCD screen and touch-sensitive buttons.
- 125° horizontal viewing angle.
- Saves a photo or video during a call (SD card, not included, required for videos and photos).
- Easy to use at night: night vision with infrared LEDs and backlit name holder.
- Door check: keep an eye on your entrance even when no one is ringing the bell.
- Choose from 6 ring tones or silent mode.
- Videophone with IP55 and 3-year warranty.
- Adjustable colour, brightness and contrast.

KIT CONTENTS

- 1 x 7" monitor with touch-sensitive buttons
