## CHANGE YOUR STYLE IN A JIFFY!

The Wave 3 intercom panel casing can be fitted in an instant: simply clip it in place and insert the screw supplied to secure it. Change the casing of your intercom panel to suit your preferences or renovations without any special installation.

## AN INTERCOM PANEL THAT SUITS YOUR DESIRES

Take the opportunity to easily change the colour of your intercom panel to adapt its appearance to the front of the house, the architectural style or your desire for change.

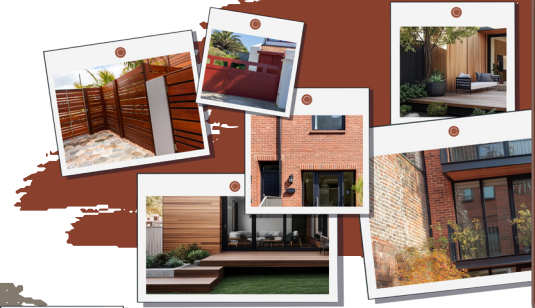

This casing is a genuine decorative accessory!

## PRODUCT CONTENT

- 1 intercom panel casing compatible with Extel Wave 3

Are you renovating your house or gate? This videophone changes with you!

### GRAPHITE REF. 720343

3 345117 203430

### TITANIUM GREY REF. 720344

3 345117 203447

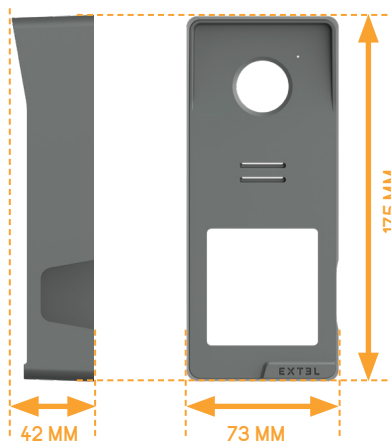

### TERRACOTTA REF. 720345

3 345117 203454

Change the coating: the casing changes but the intercom panel stays the same. This means you don't have to buy a new product or make a new connection from your home.
